THE WOODS COLLECTION

- manufactured from pure high density wood pulp in an ISO 14001 certified facility.
- the pulp is made from FSC certified wood and paper backing consists of 79.9% post-consumer recycled newspapers and cardboard.
- WOODS can contribute to LEED MR credits 4.1 and 4.2 with a total recycled content 21.5%.
- WOODS surpasses Category V, Type II wallcovering requirements for commercial serviceability. This includes but is not limited to washability, scrub ability, abrasion resistance and stain resistance standards as outlined by ASTM F-793 Commercial Serviceability Standards.

reconstituted wood wallcovering

CWC-104 FLAT CUT BLEACHED WALNUT

WOODS

TECHNICAL INFORMATION

Width	36" (91 cm)
Contents	100% cellulose
Recycled content	21.5% post-consumer recycled content by weight
Certified wood	FSC certified
Rapidly renewable materials	Cellulose
Pattern match	Non-reverse hang, random match
Fire test	Tested in accordance with CAN/ULC-S102
Additional product attributes	Biodegradable

WARRANTY

Manufacturer guarantees that all products will perform in accordance with accepted industry standards when used under normal conditions and for the purpose intended for a period of one year from date of purchase

INSTALLATION

Applied as regular wallcoverings on any desired substrate using standard wall covering tools and paste and wraps easily around corners without cracking.
